

2.6.1 Student Performance and Learning Outcome

DSR College Of Education

M.Ed. First Year

Syllabus framed by Dr. Babasaheb Ambedkar Marathwada University

Implemented from 2021

Academic Year 2023-24

Programme Outcomes (POs), Programme Specific Outcomes (PSOs), and Course Outcomes (COs)

Programme Outcomes (POs)

1. **Develop Advanced Understanding** of educational theories, philosophies, policies, and practices.
2. **Engage in Research and Innovation** to contribute to the body of knowledge in education.
3. **Foster Reflective Practices** among teacher educators and educational leaders.
4. **Promote Inclusive and Equitable Education** for diverse learners.
5. **Demonstrate Leadership Skills** in academic and educational management settings.
6. **Strengthen Ethical and Social Responsibility** in professional conduct.

Programme Specific Outcomes (PSOs)

1. **Pedagogical Expertise:** Equip students with advanced skills to design, implement, and evaluate effective teaching strategies.
2. **Research Competency:** Develop abilities in educational research methodologies including quantitative and qualitative methods.
3. **Curriculum and Assessment Mastery:** Gain expertise in curriculum development and assessment systems.
4. **ICT Proficiency:** Apply modern technologies in teaching, learning, and research.
5. **Policy and Planning Insight:** Analyze educational policies and contribute to institutional planning and development.

Course Outcomes (COs)

1. Philosophical Foundations of Education

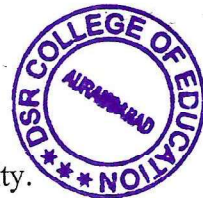

- CO1: Understand the role of philosophy in shaping educational aims and curriculum.
- CO2: Compare Indian and Western schools of philosophy and their educational implications.
- CO3: Reflect on the value systems and ethical dimensions in education.

2. Sociological Foundations of Education

- CO1: Analyze the relationship between education and society.
- CO2: Understand sociological theories and their relevance to education.

Principal

Sufa Educational & Welfare Society's
DSR College of Education,
Aurangabad

- CO3: Evaluate the role of education in social change, equity, and social mobility.

3. Psychological Foundations of Education

- CO1: Comprehend the theories of learning and motivation.
- CO2: Apply psychological principles in teaching and learner development.
- CO3: Develop strategies to support learners' cognitive and emotional development.

4. Methodology of Educational Research

- CO1: Understand research paradigms and designs.
- CO2: Develop skills in formulating research problems and hypotheses.
- CO3: Gain proficiency in sampling, tool construction, and data analysis techniques.

5. Teacher Education

- CO1: Examine the historical and contemporary perspectives of teacher education.
- CO2: Critically evaluate teacher education policies and practices in India.
- CO3: Analyze the roles and responsibilities of teacher educators.

6. ICT in Education

- CO1: Identify and use ICT tools for teaching and learning.
- CO2: Create and evaluate digital content for educational use.
- CO3: Integrate technology effectively into curriculum and assessment practices.

7. Self-Development and Yoga

- **CO1:** Understand the concept and significance of self-development in personal and professional contexts.
- **CO2:** Practice yogic techniques to enhance physical well-being, mental clarity, and emotional stability.
- **CO3:** Apply principles of yoga and mindfulness for stress management and concentration improvement.
- **CO4:** Reflect on personal values, beliefs, and attitudes to nurture ethical and empathetic teacher identity.
- **CO5:** Develop interpersonal communication and leadership skills for effective educational practice.

8.: Constitution of India

- **CO1:** Understand the historical background and philosophical foundations of the Indian Constitution.
- **CO2:** Identify and explain key features such as Fundamental Rights, Duties, and Directive Principles.
- **CO3:** Analyze the role of education in promoting constitutional values like justice, equality, and fraternity.
- **CO4:** Develop awareness of the legal rights and responsibilities of citizens and educators.
- **CO5:** Evaluate the impact of constitutional provisions on educational policy and governance in India.

2.6.1 Student Performance and Learning Outcome

DSR College Of Education

M.Ed. Second Year

Syllabus framed by

Dr. Babasaheb Ambedkar Marathwada University, implemented from 2021

Academic Year 2023-24

Programme Outcomes (POs), Programme Specific Outcomes (PSOs), and Course Outcomes (COs)

Programme Outcomes (POs) – M.Ed. Second Year

1. **Advanced Educational Understanding:** Equip students with an in-depth understanding of advanced pedagogical theories, practices, and research methodologies.
2. **Leadership and Policy Awareness:** Prepare students to take leadership roles in educational institutions and contribute meaningfully to policy-making.
3. **Research and Innovation:** Encourage the development of a strong research foundation enabling students to address contemporary educational challenges.
4. **Ethical and Inclusive Education:** Promote ethical practices and inclusive education that respects diversity and ensures equitable learning for all.
5. **Professional Development:** Enhance critical thinking, problem-solving, and communication skills needed for academic and professional excellence.

Programme Specific Outcomes (PSOs)

1. **Educational Research Expertise:** Demonstrate the ability to design, conduct, and analyze educational research effectively.
2. **Specialized Knowledge:** Develop domain-specific expertise in areas like curriculum development, teacher education, guidance and counselling, and educational administration.
3. **Application of Educational Technology:** Utilize modern ICT tools to improve instructional design and academic outcomes.
4. **Critical Policy Analysis:** Analyze educational policies critically with a focus on national goals and global trends.
5. **Reflective Practitioner Skills:** Engage in reflective practices for continual improvement in educational settings.

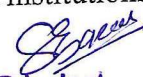

Course Outcomes (COs)

Curriculum Studies

- CO1: Understand different models of curriculum development and their implementation.
- CO2: Critically analyze the curriculum in the light of educational aims and learner needs.
- CO3: Develop and assess curriculum plans that align with contemporary academic standards.

Teacher Education

- CO1: Understand the historical development, policies, and reforms in teacher education in India.
- CO2: Analyze the structure, curriculum, and issues in pre-service and in-service teacher education programs.
- CO3: Evaluate innovations and practices in teacher preparation and professional development.
- CO4: Design strategies to improve quality assurance in teacher education institutions.

DSR College of Education,
Aurangabad

Advanced Educational Research

- **CO1:** Develop comprehensive knowledge of qualitative, quantitative, and mixed-method research designs.
- **CO2:** Construct research tools and apply appropriate techniques for data collection and analysis.
- **CO3:** Critically evaluate existing research literature and formulate relevant research questions.
- **CO4:** Prepare a structured research proposal adhering to ethical guidelines.

Environmental Education

- **CO1:** Understand the concept, scope, and importance of environmental education.
- **CO2:** Analyze environmental issues from local to global levels and their impact on education.
- **CO3:** Develop instructional strategies and curriculum materials for promoting environmental awareness.
- **CO4:** Implement environmental education initiatives with a focus on sustainable development.

ICT in Education

- **CO1:** Explore the scope and role of ICT in enhancing the teaching-learning process.
- **CO2:** Design and develop ICT-enabled instructional content and learning environments.
- **CO3:** Evaluate the integration of ICT in curriculum planning and classroom practices.
- **CO4:** Apply digital tools and platforms for educational research and communication.

Women Education in India

- **CO1:** Examine the historical evolution and policy framework of women's education in India.
- **CO2:** Analyze gender disparities in education and the sociocultural factors influencing them.
- **CO3:** Develop gender-sensitive pedagogical practices and curriculum interventions.
- **CO4:** Propose educational strategies for the empowerment of women through education.

Service Course (Generic or Interdisciplinary Courses)

- **CO1:** Develop interdisciplinary perspectives by integrating knowledge from various service domains.
- **CO2:** Enhance communication, leadership, and professional collaboration skills.
- **CO3:** Apply theoretical concepts in real-life and institutional contexts through field-based learning.
- **CO4:** Cultivate ethical, reflective, and socially responsible attitudes in professional practice.

Dissertation

- **CO1:** Identify a research problem based on field needs and literature review.
- **CO2:** Formulate research design and apply appropriate data collection and analysis methods.
- **CO3:** Write and present a well-structured academic dissertation contributing to educational knowledge.

2.6.1 Student Performance and Learning Outcome

DSR College of Education, B.Ed. & M.Ed. B.Ed. First Year

**Syllabus framed by Dr. Babasaheb Ambedkar Marathwada University
Implemented from 2023-24**

Programme Outcomes (PO):

- View knowledge as personal experience constructed in the shared context of teaching-learning, rather than embedded in the external reality of textbooks;
- Facilitating student in acquiring knowledge in its truest sense
- Be sensitive to the social, professional and administrative contexts in which they need to operate;
- Develop appropriate competencies to be able to not only seek the above-mentioned
- Understanding in actual situations, but also to create them;
- Identify their own personal expectations, perceptions of self, capacities and inclinations;
- Consciously attempt to formulate one's own professional orientation as a teacher in situation specific contexts:
- View appraisal as a continuous educative process;
- Develop an artistic and aesthetic sense in children through art education;
- Address the learning needs of all children, including those who are marginalised and disabled;
- Develop the needed counselling skills and competencies to be a facilitator for and helper of children needing specific kinds of help in finding solutions for day-to-life.
- Professional Competence: Develop sound knowledge of core subjects and pedagogical methods for effective classroom management.
- Pedagogical Expertise: Acquire practical skills to design, plan, and deliver learner-centric instruction.
- Ethical and Value-Based Teaching: Instil human values, professional ethics, and commitment towards national goals and social inclusiveness.
- Use of Technology: Integrate ICT in teaching-learning processes to enhance educational outcomes.
- Reflective Practices: Cultivate reflective thinking to evaluate and improve one's teaching practices continuously.
- Research Orientation: Develop an understanding of educational research to inform instructional decisions.
- Inclusiveness and Sensitivity: Understand diverse learner needs and promote inclusive education.

- Develop the needed counselling skills and competencies to be a facilitator for and helper of children needing specific kinds of help in finding solutions for day-to- life.

Programme Specific Outcomes (PSOs)

1. **Disciplinary Knowledge:** Apply knowledge of educational theories, psychology, and philosophies in classroom settings.
2. **Pedagogical Content Mastery:** Demonstrate mastery in teaching subjects like language, science, mathematics, and social studies.
3. **Effective Communication:** Develop strong verbal and non-verbal communication skills to engage and motivate students.
4. **School Experience Competency:** Apply theoretical knowledge in real classroom settings during internships and practice teaching.
5. **Assessment Literacy:** Design, implement and analyze various assessment tools for evaluating student learning.

Course Outcomes (COs)

Course 1: Childhood and Growing Up

- CO1: Understand the characteristics and developmental stages of learners.
- CO2: Analyze the influence of family, school, and society on child development.
- CO3: Identify psychological theories and their classroom applications.

Course 2: Contemporary India and Education

- CO1: Explain the constitutional provisions and policies shaping Indian education.
- CO2: Evaluate the role of education in addressing contemporary social issues.
- CO3: Analyze educational challenges like inequality, diversity, and access.

DSR College of Education, Aurangabad

Course 3: Assessment for Learning

- C01: Design appropriate assessment tools and techniques.
- C02: Analyze student performance using qualitative and quantitative methods.
- C03: Apply feedback strategies to support student growth.

Course 4: Pedagogy of a School Subject (e.g., Science, Math, Social Studies)

- C01: Understand the structure and content of the chosen school subject.
- C02: Design effective lesson plans using subject-specific methods.
- C03: Use teaching aids and technology for subject delivery.

Course 5: Language Across the Curriculum

- C01: Understand the role of language in the teaching-learning process.
- C02: Develop strategies to improve reading and writing skills across subjects.
- C03: Facilitate meaningful classroom discourse.

Course 6: Knowledge and Curriculum

- C01: Understand the nature, types, and sources of knowledge.
- C02: Evaluate curriculum development processes and designs.
- C03: Reflect on curriculum's socio-political context.

Course 7: School Internship

- C01: Demonstrate effective classroom management skills.
- C02: Apply theoretical knowledge to real-life teaching scenarios.
- C03: Develop reflective journals and reports based on field experience.

2.6.1 Student Performance and Learning Outcome

DSR College of Education, B.Ed. & M.Ed.
B.Ed. Second Year

Syllabus framed by Dr. Babasaheb Ambedkar Marathwada University
Implemented from 2023-24

Programme Outcomes (POs)

1. **Apply Teaching-Learning Theories:** Demonstrate foundational understanding of psychological, philosophical, and sociological bases of education.
2. **Practice Professional Pedagogy:** Use effective instructional strategies tailored to diverse learning needs.
3. **Foster Inclusive Classrooms:** Promote equity and inclusion for differently-abled and marginalized students.
4. **Utilize ICT in Education:** Employ technology and media in curriculum planning and execution.
5. **Understand Educational Policies:** Analyze the structure, policies, and reforms in Indian and global education systems.
6. **Demonstrate Ethical Values:** Practice professional ethics and values in the teaching profession.
7. **Undertake Reflective Practice:** Continuously reflect on and improve their teaching methodology and effectiveness.
8. **Promote Lifelong Learning:** Encourage critical thinking and independent learning among students.

Programme Specific Outcomes (PSOs)

6. **Master Subject-Specific Pedagogy:** Be proficient in pedagogical methods specific to their school subject (Maths, Science, English, Social Science, etc.).
7. **Conduct School-Based Experiences:** Plan, organize and conduct real classroom teaching and school internships.
8. **Develop Assessment Competency:** Design and implement formative and summative assessments using modern tools.
9. **Exhibit Leadership & Communication:** Display leadership, collaboration, and communication skills in educational settings.
10. **Promote Citizenship & Human Rights:** Instil values of democracy, secularism, and responsible citizenship in students.

Sufa Educational & Welfare Society's
DSR College of Education, Aurangabad

Course Outcomes (COs)

2. Learning and Teaching

- CO1: Understand the nature and process of learning.
- CO2: Compare traditional and constructivist models of teaching.
- CO3: Design learning experiences based on learner differences.
- CO4: Explain the nature, types, and principles of learning.
- CO5: Analyse behaviourist, cognitivist, and constructivist learning theories and their classroom implications.
- CO6: Understand the concept of motivation, attention, memory, and their role in the learning process.
- CO7: Develop learner-centred teaching strategies using multiple instructional methods.
- CO8: Reflect upon teacher-learner relationships and build inclusive learning environments.

Course: Gender, School and Society

- CO1: Understand the concepts of gender, gender roles, and gender identity in Indian society.
- CO2: Analyse how school culture, curriculum, and textbooks reinforce gender stereotypes.
- CO3: Explore issues of marginalization related to gender, caste, and minority status.
- CO4: Critically examine the impact of patriarchy and socialization on boys and girls in school.
- CO5: Develop gender-sensitive pedagogical practices and learning materials.

Creating an Inclusive School

- CO1: Define inclusion and identify barriers to inclusive education.
- CO2: Implement strategies to support students with diverse needs.
- CO3: Promote inclusive values among peers and students.

School Internship

- CO1: Conduct full-length practice teaching in real school settings.
- CO2: Maintain teaching logs, reflective journals, and lesson plans.
- CO3: Participate in school-based activities and community programs.

Environmental Education

- CO1: Understand the concept, scope, and need for environmental education in schools.
- CO2: Explore major environmental issues such as pollution, biodiversity loss, and climate change.
- CO3: Analyse the role of education in fostering environmental awareness and sustainable development.
- CO4: Plan and organize environmental activities and projects for students.
- CO5: Integrate environmental concepts across subjects and classroom practices.
